Independent Auditor's Report

To the Board of Directors
The ARRL Foundation, Inc.

We have audited the accompanying financial statements of The ARRL Foundation, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The ARRL Foundation, Inc. as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

CohnReynickZIP

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information included on pages 17 to 22 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements June 30, 2020 and 2019

Note 1 - Organization and summary of significant accounting policies

Organization

The ARRL Foundation, Inc. (the "Foundation") was incorporated as a not-for-profit corporation in September 1973 to administer programs to support the Amateur Radio community. The Foundation awards scholarships for higher education and awards grants for Amateur Radio related activities to groups throughout the United States and to individuals throughout the United States for the development of Amateur satellite and other innovative programs related to the mission of The American Radio Relay League, Inc. ("ARRL").

Newly adopted accounting standards

The Organization adopted FASB ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This standard assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. The Organization adopted the provisions of ASU 2018-08 on July 1, 2019 applicable to both contributions received and to contributions made in the accompanying financial statements under a modified prospective basis. There is no effect on net assets in connection with the implementation of ASU 2018-08.

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The financial statements report information regarding the Foundation's financial position and activities according to the following classes of net asset categories:

<u>Net assets without donor restrictions</u> - Net assets that are not subject to explicit donor-imposed stipulations. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors.

<u>Net assets with donor restrictions</u> - Net assets whose use by the Foundation is subject to either explicit donor-imposed stipulations, or to those imposed by operation of law, that can be fulfilled by actions of the Foundation, or that expire by the passage of time, and net assets subject to donor-imposed restrictions that they be maintained permanently by the Foundation. Generally, the donor of these assets permit the Foundation to use all or part of the income earned and capital gains, if any, on related investments for general or specific purposes.

Tax-exempt status

The Foundation is exempt under Section 501(c)(3) of the Internal Revenue Code ("IRC") and is exempt from private foundation status under IRC Section 509(a)(3) and as such is not subject to federal or state income taxes.

The Foundation has no unrecognized tax benefits at June 30, 2020 and 2019. The Foundation's federal information returns prior to fiscal year 2017 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

If the Foundation had unrelated business income taxes, it would recognize interest and penalties associated with any tax matters as part of the income tax provision and include accrued interest and penalties with the related tax liability in the statements of financial position.

Notes to Financial Statements June 30, 2020 and 2019

Cash and cash equivalents

Cash and cash equivalents include all cash balances and highly liquid short-term instruments with an original maturity of three months or less when acquired. Cash equivalents were \$354,126 and \$469,331 as of June 30, 2020 and 2019, respectively.

Investments

The Foundation reports investments at fair value (see Note 5) and reflects any gains or losses in the statements of activities. Investment income and gains and losses are considered without donor restriction unless restricted by donor stipulation or by operation of law.

Revenue recognition - contributions

Transactions where the resource providers often receive value indirectly by providing a societal benefit, although the societal benefit is not considered to be of commensurate value, are deemed to be contributions. Contributions are classified as either conditional or unconditional. A conditional contribution is a transaction where the Organization has to overcome a barrier or hurdle to be entitled to the resource and the resource provider is released from the obligation to fund or has the right of return of any advanced funding if the Organization fails to overcome the barrier. The Organization recognizes the contribution revenue upon overcoming the barrier or hurdle. Any funding received prior to the barrier is recognized as a refundable advance.

The Foundation reports unconditional promises to give as revenue when the promise is received. Conditional promises to give are recognized as revenue when the condition is met. Grants and contributions received are recorded as with or without donor restrictions depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period have been reported as support increasing net assets without donor restrictions in the statement of activities.

Endowment and spending policies

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity as well as board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in accordance with sound investment practices that emphasize long-term investment fundamentals. It is recognized that short-term market fluctuations may cause variations in account performance.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The Foundation has a policy of appropriating funds for distribution based on an annual review of investment results, available net assets and scholarship requests. The Board of Directors then votes on an annual basis to award funds to organizations that meet certain criteria. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long-term, the Foundation expects the current spending policy to allow its endowment to grow at 4%. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets

Notes to Financial Statements June 30, 2020 and 2019

held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

Use of estimates

The preparation of the Foundation's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional expenses

The cost of providing various program and supporting services has been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses are allocated on the basis of time and effort of the Organization's personnel, where applicable.

Subsequent events

The Foundation has evaluated subsequent events through January 28, 2021, which is the date the financial statements were available to be issued.

Note 2 - Liquidity

The Foundation regularly monitors liquidity to meet its annual operating needs and other contractual commitments while also striving to maximize the return on investment of its funds not required for annual operations. As of June 30, 2020 and 2019, the Foundation has the following financial assets available to meet annual operating needs for the subsequent fiscal year as follows:

	 2020	2019		
Cash and cash equivalents Investments without board or donor restrictions Interest receivable	\$ 537,086 26,585 14,649	\$	169,488 402,722 10,895	
	\$ 578,320	\$	583,105	

These assets are not subject to any donor restrictions.

The Foundation supports its general operations primarily with donor contributions without restriction and restricted contributions whose time or purpose restriction has been met. In addition to financial assets available to meet general expenditures within one year, amounts reported as board-designated could be made available, as needed, by Board action (see Note 7).

Note 3 - Concentrations

Credit risk

Financial instruments which potentially subject the Foundation to concentrations of credit risk consist primarily of cash and cash equivalents. The Foundation maintains its cash and cash equivalents with high-credit quality financial institutions. At times, such amounts may exceed federally insured limits. At June 30, 2020, approximately \$287,000 exceeded the federally insured limits.

Notes to Financial Statements June 30, 2020 and 2019

Market value risk

The Foundation invests in various debt and equity securities. These investment securities are exposed to interest rate, market, credit and other risks depending on the nature of the specific investment. Accordingly, it is at least reasonably possible that these factors will result in changes in the value of the Foundation's investments which could materially affect amounts reported in the financial statements.

Note 4 - Investments

Investments at June 30, 2020 and 2019 consist of the following:

		2019	
Corporate bonds Domestic common stocks Domestic preferred stocks Other U.S. Treasury bonds	\$	2,369,507 2,867,583 40,825 9,768 149,976	\$ 1,811,504 2,323,248 57,740 28,324 598,245
	\$	5,437,659	\$ 4,819,061

Note 5 - Fair value measurements

The Foundation values its financial assets and liabilities based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy was established that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.
- Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In determining fair value, the Foundation utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as considers counterparty credit risk in its assessment of fair value.

Notes to Financial Statements June 30, 2020 and 2019

Financial assets carried at fair value at June 30, 2020 and 2019 are classified in the tables below in one of the three categories described above:

	2020											
	Level 1		Level 2	L	evel 3		Total					
Corporate bonds Domestic common stocks Domestic preferred stocks Other U.S. Treasury bonds	\$ 2,867,583 40,825 9,768	\$	2,369,507 - - - 149,976	\$	- - - -	\$	2,369,507 2,867,583 40,825 9,768 149,976					
Total	\$ 2,918,176	\$	2,519,483	\$	-	\$	5,437,659					
	2019											
	Level 1		Level 2		evel 3		Total					
Corporate bonds Domestic common stocks Domestic preferred stocks Other U.S. Treasury bonds	\$ 2,323,248 57,740 28,324	\$	1,811,504 - - - 598,245	\$	- - - -	\$	1,811,504 2,323,248 57,740 28,324 598,245					
Total	\$ 2,409,312	\$	2,409,749	\$		\$	4,819,061					

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2020 and 2019.

Investments in common stocks that are listed on a national securities exchange or reported on the NASDAQ national market are valued at their last sales price on the valuation date (Level 1). Investments in preferred stocks are valued at their last sales price on the valuation date (Level 1). Other investments that are listed on a national securities exchange or reported on the NASDAQ national market are valued at their last sales price on the valuation date (Level 1). In the absence thereof, a pricing model is used to develop a value based on securities with similar characteristics (Level 2).

The fair value of U.S. Treasury bonds and corporate bonds are estimated using market price quotations (where observable), based on recently executed transactions or bond spreads of the issuer (Level 2). If the spread data does not reference the issuer, then data that references a comparable issuer is used. When observable price quotations are not available, fair value is determined based on cash flow models with yield curves or bond spreads.

The Foundation's policy is to recognize transfers in and transfers out of each level as of the actual event or change in circumstance that caused the transfer. There were no transfers during the years ended June 30, 2020 and 2019.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements June 30, 2020 and 2019

Note 6 - Contributions restricted by donors

The Foundation receives donor contributions which are restricted for purposes specified by the donors either for purpose or in perpetuity. These restricted contributions are administered by designated officials of the Foundation in accordance with those restrictions. Net assets balances are restricted for the following purposes:

	 2020	 2019
Endowment - Restricted in perpetuity Endowment - Accumulated investment gains Restricted by purpose	\$ 2,804,982 587,201 1,748,688	\$ 2,552,013 502,083 1,235,640
	\$ 5,140,871	\$ 4,289,736

Note 7 - Endowment

The Foundation's endowment includes 31 donor-restricted endowment funds. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. The Board of Directors has interpreted the Connecticut Uniform Prudent Management of Institutional Funds Act ("CTUPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

As a result of this interpretation, the Foundation classifies as net assets restricted in perpetuity: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in net assets restricted in perpetuity is classified as net assets restricted by donor for purpose or time until those amounts are appropriated for expenditure by the Board of Directors in a manner consistent with the standard of prudence prescribed by CTUPMIFA.

In accordance with CTUPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the Foundation and donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation (depreciation) of investments, (6) other resources of the Foundation and (7) the Foundation's investment policies.

Notes to Financial Statements June 30, 2020 and 2019

Endowment net asset composition by type of fund as of June 30, 2020 is as follows:

			 With donor				
	Without donor restrictions		stricted by or purpose	estricted in perpetuity	Total		
Donor-restricted endowment funds Board-designated endowment funds	\$	- 624,329	\$ 587,201 -	\$ 2,804,982	\$	3,392,183 624,329	
	\$	624,329	\$ 587,201	\$ 2,804,982	\$	4,016,512	

Changes in endowment net assets for the year ended June 30, 2020 are as follows:

		Without donor restrictions		stricted by or purpose	estricted in perpetuity	Total	
Endowment net assets, beginning Investment income Net realized and unrealized appreciation Contributions Change in donor intent Amounts appropriated for expenditure	\$	595,934 12,745 6,236 - 20,543 (11,129)	\$	502,083 63,013 72,183 1,000 8,703 (59,781)	\$ 2,552,013 - - 252,969 - -	\$	3,650,030 75,758 78,419 253,969 29,246 (70,910)
Endowment net assets, end	\$	624,329	\$	587,201	\$ 2,804,982	\$	4,016,512

Endowment net asset composition by type of fund as of June 30, 2019 is as follows:

			 With donor				
	Without donor restrictions		stricted by or purpose	estricted in perpetuity	Total		
Donor-restricted endowment funds Board-designated endowment funds	\$	- 595,934	\$ 502,083 -	\$ 2,552,013	\$	3,054,096 595,934	
	\$	595,934	\$ 502,083	\$ 2,552,013	\$	3,650,030	

Changes in endowment net assets for the year ended June 30, 2019 are as follows:

		With donor restrictions				
	 Without donor restrictions		stricted by or purpose		estricted in perpetuity	Total
Endowment net assets, beginning Investment income Net realized and unrealized appreciation Contributions Amounts appropriated for expenditure	\$ 595,967 15,015 (3,586) - (11,462)	\$	417,434 73,591 89,320 1,600 (79,862)	\$	2,510,963 - - 41,050 -	\$ 3,524,364 88,606 85,734 42,650 (91,324)
Endowment net assets, end	\$ 595,934	\$	502,083	\$	2,552,013	\$ 3,650,030

Notes to Financial Statements June 30, 2020 and 2019

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or applicable law requires the Foundation to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States of America, there were no deficiencies of this nature that are reported in net assets with donor restrictions as of June 30, 2020 and 2019.

Note 8 - Commitments

The Foundation administers the William R. Goldfarb Memorial Scholarship which provides a meritorious young Amateur Radio operator a full scholarship. The scholarships will fund costs not already covered through financial aid or other scholarships. These scholarships are subject to certain performance requirements and are contingent upon an annual reassessment of need.

In addition, the Foundation has approved numerous partial scholarships to students that have met certain criteria in accordance with the scholarship and are contingent upon the students attending school in the fall and spring semesters.

Note 9 - Related party transactions

The Foundation has some common Board of Director members with ARRL. ARRL performs administrative services for the Foundation. Administrative fees charged for these services were \$15,000 for the years ended June 30, 2020 and 2019, and are included in administrative expenditures on the accompanying statements of activities. An additional amount of \$4,220 of the Foundation's expenses were paid by ARRL and reimbursed by the Foundation during the year ended June 30, 2019.

Note 10 - Reclassifications due to changes in donor intent

During the year ended June 30, 2019, the Foundation began a project to consolidate scholarship funds with balances less than \$1,000 and with no activity for three years into the General Scholarship fund. In addition, certain donors indicated a change in intent related to previous donations and as result there was a reclassification of donor intent from net assets without donor restriction to net assets with donor restrictions in the amount of \$1,086.

During the year ended June 30, 2020, the Foundation reclassified amounts based on changes to donor intent or correction of original donor intent. This resulted in a reclassification from net assets without donor restrictions to net assets with donor restrictions in the amount of \$3,584.

Note 11 - Contingencies

The COVID-19 pandemic, whose effects first became known in January 2020, is having a broad and negative impact on commerce and financial markets around the world. The United States and global markets experienced significant declines in value resulting from uncertainty caused by the pandemic. The Foundation is closely monitoring its investment portfolio and its liquidity and is actively working to minimize the impact of these declines. The extent of the impact of COVID-19 on the Foundation's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on the Foundation's donors and vendors, all of which at present, cannot be determined. Accordingly, the extent to which COVID-19 may impact the Foundation's financial position and changes in net assets and cash flows is uncertain and the accompanying financial statements include no adjustments relating to the effects of this pandemic.
